H & H Automotive Sponsorship Announcement

Elkhorn Athletic Association is excited to announce a new multi-year sponsorship agreement with H&H Automotive. H&H Automotive will serve as the exclusive automotive marketing partner of all parking lot areas at the MD West ONE Sports Complex. The complex parking lots will be named “H&H Automotive Parking Lots” and will be branded with their logo and other promotional material.

“It’s always exciting to have community-minded leaders supporting the MD West ONE sports complex. We are delighted and honored to have H&H Automotive as partners” said Bruce O’Neel, EAA’s Executive Director. “This agreement continues to further galvanize the decision to build this complex for our community, athletes, and families.”

The H&H Group has served Nebraska and the Omaha community since opening their first dealership, H&H Chevrolet, in 1930. H&H has now grown to represent seven iconic motor brands – Jaguar, Land Rover, BMW, MINI, Kia, Chevrolet, and Harley-Davidson.

Throughout their 90+ year history, H&H has always emphasized community stewardship. The experience the Elkhorn Athletics Association offers metro youth aligns with H&H Automotive’s goals of being family-friendly, humble, competitive, and dedicated to success. The H&H Group is proud to partner with the EAA and the Elkhorn community on their new, world class youth sports facility.

EAA is looking forward to a great partnership with H&H Automotive!
